re Mangalore - Enhancement of landing fees - Orders.

No. 2011 Gl

From the Presidency Port Officer, Madras.

*Copy submitted to the Secretary to Government, Public Works Department, Madras, with reference to G.C.No.161, Finance (Marine) dated 10-3-36 read with G.O.No.Ms.2369 Public Works (Marine) dated 3-11-1938.

2. In consultation with the local Port Conservancy Board, the Port Officer, Mangalore, proposes to increase, from 1-9-1945, the rates of Landing and Shipping Fees leviable at the Port on certain commodities and also to levy a general surcharge of 25% on such rates including those so revised, for a period of one year from the date, to meet the increased cost of dredging etc. These proposals will yield an additional income of about Rs.20,000/- per annum, equivalent to the anticipated deficit of the Mangalore Landing and Shipping Fund. I agree to the above proposals and request the sanction of Government thereto.

3. Two draft notifications are enclosed for the approval of Government and publication thereafter in the Port St. George Gazette and in the South Kanara District Gazette.

Mangalore Port - Landing and Shipping fees - Revision of - Proposals.

Copy of resolution No.V of the Port Conservancy Board, Mangalore dated 24-5-45 revising the rates of Landing and Shipping fees leviable at the Port of Mangalore is submitted for favour of necessary action.

It is anticipated that the proposed revised rates and surcharge will enhance the receipts by about Rs.20,000/- which is equivalent to the amount of deficit in the current year's budget estimate, approved in G.O.No.Ms.748 P.W.D. dated 20-3-45 forwarded with your No.152A/45- dated 23-3-1945.

Draft amendments to the schedule of rates issued in G.O.No.161 Finance (Marine) dated 10-3-1936 are enclosed.

Copy of the note of the Port Officer, Mangalore, dated 5-4-45 for the Port Conservancy Board, Mangalore.

In connection with improvements to the Port of Mangalore by dredging the backwater to facilitate vessels to load and unload cargo alongside wharves, Landing and Shipping fees were revised from 1-5-3 In this revision the rates of Landing and Shipping Fees on all commodities with the exception of (1) Bricks and tiles (2) Coal, (3) Coke (4) Coir yarn, (5) Firewood and (6) Fish were raised by 25%.

2. Since the commencement of dredging improvements in 1937, channels leading to factories on the foreshore have been cut and are being maintained. This enables vessels to go alongside tile factory

without incurring additional expense in the shape of transhipment by small boats and handling charges.

3. With the general rise in cost of oil, stores and establishment charges of dredgers, the maintenance cost of dredgers has considerably increased in recent years resulting in deficit of Rs.27,575/- in the revised budget estimates for 1944-45 and an anticipated deficit of Rs.20,095/- in the budget estimate for 1945-46. The current budget estimate provides for the sale of Government Securities of the face value of Rs.15,000/- to balance the budget.

4. It is therefore for consideration whether the Landing and Shipping fees on Bricks and tiles, coal, coke, coir yarn, firewood and fish should not be raised by 25% from 1st September 1945 as the rates on these articles were not revised in 1936.

Copy of Resolution No.V of the Port Conservancy Board, Mangalore, dated 24th May 1945.

Read Port Officer's note dated 5-4-45 proposing increase of rates of Landing and Shipping fees on bricks and tiles, coal, coke, c yarn, firewood and fish (adjourned in minute VIII dated 24-4-45).

"The Board recommends that with a view to meet the increase cost of operating the Port on account of War the basic rates of Landing and Shipping Fees be raised as under.-
